IMPORTANT INFORMATION

All doors are made to measure.

Overall frame sizes are indicated in the tables of price-list.

To obtain the price please check corresponding or intermediate width and height.

For door sizes exceeding price-list limits ask the manufacturer.

Please note that depicted colours are for guidance only. Use official support materials for accurate colour.

Sales and Delivery terms

1. Orders: to be sent by e-mail or fax. All given data must be clear and readable. All required information: width, height, headroom, side-room, track system, design, colours, etc. must be indicated. Correct orders will be confirmed within 48 hours. The order confirmation should be checked and corrected if necessary. Orders cancelled later than 48 hours after the order confirmation was sent will be charged for the value of goods used for production.

2. Delivery time: 3-4 weeks from order confirmation date for standard doors, and 4-6 weeks - for non standard doors (with wicket door, FV sections, custom coating). Delivery term may be postponed in case of Force Majeure circumstances or any other reasons caused by third parties. The customer will be informed in advance.

3. Delivery: to be delivered to the dealer's warehouse. Delivery to dealer's warehouse is free of charge. Deliveries to other addresses will be charged separately. At the unloading location must be an adult person capable to assist driver to unload and authorised to sign for the delivery.

4. Transportation: dealer's warehouse address on UK Mainland - free of charge (except London and Scotland).

5. Prices: are subject to be changed within 30 days notice.

Prices are in British Pounds and do not include VAT, other taxes.

6. Payment term: 30 days from the invoice date or in advance if not agreed otherwise. Manufacturer may charge average bank interest if the invoice was not paid in due time. There will be no further orders released if there are outstanding invoices.

7. Reclamation: damages or defected goods should be claimed in 5 working days after delivery. Damages made during the transportation should be fixed at unloading. Report must be made before installation if door parts are damaged during transportation, have scratches or dents or missing parts. Manufacturer is not responsible for damages made by negligent handling, unprofessional fitting or inappropriate storage.

8. Manufacturer is responsible to supply defected parts or products free of charge. The manufacturer is not obliged to cover replacement costs. No other costs related to replacing of defective parts may be charged if not accepted by manufacturer.

9. Deviations in colour are to be expected due to the use of different base materials, such as aluminium, steel, plastic, textures, as well as varying productions process, etc. Despite the use of the best coating systems, colour deviations cannot be ruled out.

Ryterna Warranty Terms

Ryterna as manufacturer grants warranty covering safe and reliable function of garage doors for a period:

10 years – safe and reliable operation

2 years – locks, stays and hinges, paintwork

Normal wear and tear are not accepted as material defect.

No warranty against condensation inside of acrylic/polycarbonate double glazing units.

Different parts painted the same colour may look unlike due to different basis materials and surface structure.

Requirements:

Warranty claims are only applicable in the country where door was purchased. The door must be purchased through our authorised distributor.

The warranty only covers the contract object.

The fully completed product warranty card together with the receipt of purchase substantiate your right to claim under warranty.

Obligations:

During warranty period we undertake to rectify any and all defects to Ryterna product, which can be provided to be attributed to a material or manufacturing fault.

We pledge at our discretion to either exchange the defective merchandise for faultless merchandise, repair it or allow a reduction in price.

We do not accept costs of for dismantling and installation nor for carriage.

Ryterna is not liable for direct damage, like loss of profit or earning during repair or service period.

The warranty does not cover damage caused through:

Improper installation and negligent care or maintenance.

Industrial use.

Improper initial and subsequent operation.

Negligent or wanton destruction.

External influence such as: fire, water, salts, alkaline or acid solutions or any other abnormal environmental influence.

Mechanical damage through improper transportation and installation or through falling or hitting objects.

Improper use of surface cleaning or protection treatments.

Repair by nonqualified persons.

Using non Ryterna parts without written approval of the manufacturer.

Removal of product label or making it unidentifiable.

Application of additional non approved weights or infills.

Failure to remove protective film or packaging provided with product where applicable.

Small dents, scratches or paint imperfection if they are not visible from 3 metres distance are not considered as warranty issue.

Technical specifications for 3 x 2.25 m SHD door	
Air permeability	Class 3
Resistance to water penetration	Class 3
Resistance to wind load	Class 5
Thermal transmittance - U-value	2.2 W/(m ² ·K)

Frames & Thresholds

Insulated Side hinged garage doors are made of 40mm thick double steel skin panels filled with freon-free PU foam.

All doors come with steel frame.

Doors are made to measure. Ordering and pricing - overall frame sizes (OFS).

Door split 50/50 by default or custom in reasonable proportions.

Max 3000 mm wide and 3000 mm high. For bigger sizes ask manufacturer. Max leaf width for SH2 - 1450 mm.

For doors less than 2 metres wide - ask for available layout.

1 leaf (SH1) door max 1300mm wide.

1.5 leaf doors for openings 1100 - 1800 mm wide.

2 leaf's doors for openings above 1800 mm wide.

Frames

Standard

With moulding

Tubular frame (recommended for back fix)

Standard tube sizes :
40 x 60 / 80 / 100 mm
For tubular frame add **£155**
